

Rent a doser, *month to month.*

Put a JoyCan dosing system on your line without the capital outlay. Rentals include our technical support, carry a low 3-month commitment, and convert cleanly to a purchase when you're ready — so you can prove the application before you buy.

PER MONTH *

UltraDoser 150S

\$2,500/mo

Entry-level dosing for small rotary & linear fillers. Up to 150 CPM.

PER MONTH *

CryoDoser Flex Craft Custom

\$2,850/mo

Variable dosing with heated purge for growing craft lines. Up to 200 CPM.

PER MONTH *

UltraDoser 2KA

\$4,250/mo

High-speed pneumatic dosing for full-rate rotary fillers. Up to 2,000 CPM.

PER MONTH *

CryoDoser Flex Pack Premier

\$5,000/mo

Top-of-line platform for major bottlers, full recipe & audit control. Up to 2,000 CPM.

Rental units are approved for use with **liquid nitrogen (LN₂)** and **liquid argon (LAR)** only.

50%

RENT-TO-OWN CREDIT

Apply 50% of your rental payments toward the purchase of the rented system — or another JoyCan dosing system ordered within 3 months of returning your rental. Need cryogen supply too? We also rent **microbulk tanks** to bundle with your doser.

HOW THE RENTAL WORKS

- **3-month minimum initial term**, billed in full upfront; month-to-month thereafter with 15 days' notice to end either party.
- **50% rent-to-own credit** applied to a purchase of the rented unit, or another JoyCan doser ordered within 3 months of return.
- **Installation & training** at JoyCan's discretion and quoted separately when applicable — billed Net 30. Most units are customer self-install.
- **Rates exclude** applicable taxes and freight. Customer is responsible for inbound and return shipping costs, and must maintain the original shipping crate on site for the duration of the rental.
- **Damaged or lost parts** of the system are assessed on return and billed to the customer after the doser is returned.

JOYCAN PROVIDES

- **Correct dosing unit** per filler specs
- **Technical & remote support**
- **Optional install & training**
- **Microbulk tank** rental, if needed

CUSTOMER PROVIDES

- **Insurance** per agreement
- **Site utilities** — liquid nitrogen, gaseous nitrogen, 110V power
- **ACH / credit card** authorization
- **Adherence to strict SOPs** during use

* Rental pricing is month-to-month with a minimum initial term of 3 months, due in full upfront. Installation may be required at JoyCan's discretion, at additional cost, billed Net 30. Prices do not include taxes or freight. Custom configurations are quoted above the published rate, and published rates do not include custom accessories, which are quoted separately if needed. Rental units are approved for use with liquid nitrogen (LN₂) and liquid argon (LAR) only. Title to all rented equipment remains with JoyCan; lessee assumes risk of loss and maintains insurance per the Equipment Lease Agreement. Governed by Pennsylvania law. This sheet is a summary — the executed Equipment Lease Agreement and JoyCan Terms & Conditions govern.
